

MASTER OF SCIENCE IN SUSTAINABILITY MANAGEMENT

To earn an Master of Science in Sustainability Management, students must successfully complete 33 credit hours (11 courses). Full-time students are expected to enroll for at least three courses per semester and can complete their degree in two years. Part-time students can enroll for as few as one course per semester and can take up to five years to complete their degree. The program schedule allows flexibility to students who wish to accelerate their studies. For example, full-time students could graduate in roughly a year by starting in summer of year one and completing their program in summer of year two, but this requires careful planning.
